

Table S1: Classification of MPP subpopulations using the LSM model.

MPP Subpopulations	Numbers of Cells Tested	Consistency Rate of Classification Under Different Prediction Score Threshold		
		≥ 0.34	≥ 0.50	≥ 0.70
MPP2	477	90% (428/477)	98% (392/399)	100% (277/277)
MPP3	1490	90% (1346/1490)	97% (1229/1262)	99% (813/815)
MPP4	1301	90% (1170/1301)	97% (1059/1091)	99% (726/727)
